Index to AGRICULTURAL ENGINEERING

VOLUME 34—JANUARY TO DECEMBER, 1953

Issue	Pages
JANUARY	1- 56
FEBRUARY	57-128
MARCH	129-200
APRIL	201-280
MAY	281-352
JUNE	353-432
JULY	433-504
AUGUST	505-576
SEPTEMBER	577-648
OCTOBER	649-728
NOVEMBER	729-792
DECEMBER	793-864

A

Absorption of solar radiation by the hair of cattle	235
Absorption rates of "Penta" by various species of wood	534
AGRICULTURAL ENGINEERING (Agricultural Engineers)	
Challenges awaiting agricultural engineers in farm structures	17
The engineer's job in developing America's agricultural capacity to produce	83
Why cultural education for the engineer?	387
New frontiers for agricultural engineers	453
What the farm equipment industry expects of the new graduate engineer	677
Air flow requirements for drying grain with unheated air, Minimum	681
Air precleaner development	177
Allis, John A.	
Runoff from conservation and non-conservation watersheds	766
Allred, E. R.	
Evaluating irrigation needs in humid areas	611
Aluminum alloy grain bins, Corrosion of	545
Armer, Austin A.	
A harvester for Ireland's sugar beets	312
Ashby, Wallace	
Heat and moisture production of laying hens	163
Autry, J. W.	
Design factors for hill-drop planters	525

B

Baker, Vernon H.	
Control equipment for infrared poultry brooding	751
Lethal effect of electrons on insects infesting wheat and flour—Part I	755

Bending moment for structural members, Allowable	540
--	-----

Berry, J. H.	
Speed fluctuation in multijoint power lines	308

Berry, M. O.	
A recording torquemeter	307

Bins, Corrosion of aluminum alloy grain	545
---	-----

Bliesener, W. C.	
Farm equipment steels—a tillage implement metallurgist's viewpoint	697

Bolted assemblies, Strength and trends of	465
---	-----

Bond, T. E.	
Engineering design of a livestock physical plant	601

Borden, J. W.	
Land preparation by leveling	481

Brooding, Comfort zone patterns in infrared	313
---	-----

Brooding, Control equipment for infrared poultry	751
--	-----

Brooker, Donald B.	
Horizontal self-feeding silos	620

Browall, H. W.	
Farm equipment steels—A steel producer's viewpoint	700

Brown, Carl B.	
Flood prevention through watershed planning	159

Brown, E. C., Jr	
Cotton picker sacking attachment for harvesting small plots	234

Burgener, Maurice L.	
The basic concepts of prestressed concrete	243

Burrough, D. E.	
Performance of a corn picker-sheller	21
Power and torque distribution in farm machine drive shafts	382

Busby, C. E.	
Water rights and administration with respect to soil and water conservation	769

C

Callum, C. L.	
Speed fluctuation in multijoint power lines	308

Canals to save water and land, Lining irrigation	407
--	-----

Carreker, John R.	
Results of evapotranspiration and root distribution studies	319

Carter, Deane G.	
Challenges awaiting agricultural engineers in farm structures	17

Chen, Robert	
Evaluating irrigation needs in humid areas	611

Christiansen, J. E.	
Irrigation in relation to food production	400

Clyde, A. W.	
Measuring the forces in tractor linkage (letter)	638

Collins, Tappan	
Flow patterns of air through grain during drying	759

Color sorting of fruits and vegetables, Electronic	149
--	-----

Comfort zone patterns in infrared brooding	313
--	-----

Compaction irrigated soils by tractors	94
--	----

Compaction studies, The Soil penetrometer in soil	831
---	-----

Concrete, The basic concepts of prestressed	243
---	-----

CONSERVATION, Soil and Water (See also Drainage, Erosion Control, Irrigation, Soils, Water Resources)	
---	--

The engineer's job in developing America's agricultural capacity to produce	83
---	----

Soil conditioners in soil conservation	98
--	----

Flood prevention through watershed planning	159
---	-----

Runoff from conservation and non-conservation water sheds	766
---	-----

Water rights and administration with respect to soil and water conservation	769
---	-----

Control equipment for infrared poultry brooding	751
---	-----

Control for temperature fluctuation	634
---	-----

Cooling by air, Grain	456
-----------------------------	-----

Corn shelling with a combine cylinder	461
---	-----

Corn, Through-circulation drying of cut	251
---	-----

Corrosion of aluminum alloy grain bins	545
--	-----

Cotton picker sacking attachment for harvesting small plots	234
---	-----

D

Dairy plant receiving rooms, Performance of	832
---	-----

Dale, Alvin C.	
Effect of roofing materials on temperatures in farm buildings under summer conditions	168

Davey, John S.
